Mr. S. Cheatham is a strong advocate of intensive farming. He does not expect to plant but three and a half acres in corn this year and has 4,100 pounds of guano to fertilize it with. His prize acre will be selected from the three and a half acres. Mr. Cheatham and his son have sold about \$200 worth of corn from their last year's crop.

Dr. L. R. Gwaltney returned to Rome Tuesday morning. Before he came all of Edgefield was hopeful that he would spend several weeks among us. We shall look forward to his return next year.

Rev. R. G. Shannonhouse is the Burbank of Edgefield. He not only has the earliest and best garden but his garden contains plants and vegetables that hitherto have never been grown in Edgefield. It is indeed wonderful how plants respond to his magic touch.

The Edgefield Baptist Sunday school convention will meet at Red Hill on Wednesday July 20th. Messrs. P. H. Bussey, J. D. Hughes, W. D. Holland, Rev. J. T. Littlejohn, Dr. C. E. Burts and several others met in the office of Mr. A. S. Tompkins Saturday morning and arranged the program, which will be printed on leaflets for distribution.

Capt. J. Maxwell Richardson, of Aiken, candidate for Adjutant and Inspector General, spent Monday in Edgefield shaking hands with his friends. Having descended from an old Edgefield family, Mr. Richardson is really an Edgefield man and will receive a flattering vote in this county. He will make a good officer if elected.

Rev. J. P. Mealing has been among the visitors in Edgefield during the past week. He is always most affectionately greeted by his Edgefield friends who regret that he makes his visits so short. Rev. Mr. Mealing came primarily this time to be with his life-long friend Dr. L. R. Gwaltney. The devotion that exists between these two venerable servants of God is indeed beautiful.

The work of the Baptist church at the Mill is prospering under the leadership of Rev. P. B. Lanham. He is gradually getting the church thoroughly organized in all departments. As a result of the revival services recently conducted by Revs. Lanham and Littlejohn there were twenty additions to the church, seven of them by letters from other churches.

Messrs. B. F. Zimmerman, W. H. Harling, W. B. Cogburn, J. Wm. Thurmond, W. W. Adams and J. D. Mathis have purchased the Baynam mill tract below Trenton, better known as the old Brandt mill pond tract, containing 150 acres, the price being \$1,500. The new owners will at once erect a dam and in a few years will have one of the best fish ponds in the county. They also purpose growing asparagus upon a large scale.

Mr. Hill's Seven-Top Wheat.

When Mr. Henry Hughes Hill came from Idaho early last fall he brought a peck of seven-top wheat with him and sowed it on about a quarter of an acre of land. He is experimenting with this very prolific variety to see whether our soil and climate are suited to its growth. Those who have seen the wheat estimate the yield at about 40 bushels per acre, but, of course, like all other grain, it was injured by the drought. The outcome of Mr. Hill's experiment will be watched with interest.

Sheppard-Kennerly.

The following is a copy of invitations that have just been issued to the marriage of two widely beloved Edgefield young people:

Mrs. Ida F. Sheppard requests the honor of your presence at the marriage of her daughter Ida Katherine to Mr. James Boatwright Kennerly on the evening of Tuesday, the seventh of June nineteen hundred and ten at nine o'clock at home.

All Teachers Re-elected

The announcement that all of the teachers of the Edgefield Graded School have been re-elected for another session will be pleasing information to the patrons of the school. In addition to the six teachers who have labored so faithfully in the past, Miss Lillie May Bailey has been elected for the next session, making seven teachers in all. Edgefield is peculiarly blessed in having such a strong corps of conscientious, painstaking, efficient teachers. We seriously doubt if any other town in the state of like size has such excellent graded school advantages as Edgefield. These faithful teachers can not be commended too highly for their services. Parents, when you chance to meet these ladies tell them how you appreciate their work as teacher. It will encourage them and stimulate them to do even better next year.

Bought Controlling Interest in Bank.

Mr. J. B. Norris and his son, Mr. George R. Norris, have purchased a controlling interest in the Columbia Savings Bank and Trust Company. It is capitalized at \$200,000, of which \$100,000 is held as a trust fund. The bank has a surplus of \$37,000. It has not yet been announced who will be chosen president of the bank under the new management, but has been stated that Mr. J. B. Norris and his son Mr. George R. Norris will engage actively in banking. These gentlemen have been identified with a number of large commercial and financial interests since locating in Columbia some years ago, and their Edgefield friends congratulate them upon their good fortune in acquiring the controlling interest in one of Columbia's leading banks.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure, or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address: Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Mrs. Nettie Strother Dead.

Batesburg, May 23.—Special. Mrs. Nettie Strother died at her home here to-day, after a long and painful illness. She was the widow of the late Dr. E. F. Strother. Mrs. Strother was one of the first residents of Batesburg. She was a lady of refinement and was noted for her charming disposition and her great solitude for the young people. She is survived by an only son and one brother, Col. E. Folk Strother, of this place, and Capt. E. H. Folk, of Edgefield.

The Civic League.

In his remarks incident to the presentation of the certificates to the boys and girls who had completed the graded school course, Mr. A. S. Tompkins, as a trustee of the graded school, thanked the ladies of the Civic League for the work they have done in beautifying the school grounds. These ladies have labored faithfully to improve the college campus and deserve the thanks of the entire community. Our people should co-operate with them in what they undertake for the public good.
